### Upcoming classes offered in summer 2012

Planet Percussion: Ages 8 and up

Students will explore and play traditional marimba music and hand drumming. They will learn/deepen reading music skills and leave each day tapping exciting rhythms and singing beautiful melodies.

Music Makers: Ages 3 to 5

Hands-on activities make this class exciting to the touch. Your child's brain wants patterns and predictability and music has it all. You will share in movement songs that develop, deepen and strengthen coordination. You will explore and learn beginning musical concepts on a variety of instruments. It's time to laugh and learn how to dance with your nose and grow like a tree.
